Grade Posting Request

You may choose to have your scores anonymously posted to our class management app during the semester. The advantage of this is that you can check your current standing and easily gauge your progress. To enable me to do this, you need to give me a secret alphanumeric code to identify yourself. The code must be between 8 and 12 characters and is case-sensitive. Please note that this code should not identify you in any way to others (i.e., you shouldn't use your name, initials, social security number, etc.). Also, please carefully distinguish between 0's and O's, 1's and I's, 5's and S's, etc.

✔ I would like you to post my scores as described above.
✔ Please use this code: [__ __ __ __ __ __ __ __ __ __ __ __] (between 8 and 12 letters and/or numbers)
